First log in indicator - `#global-header .tools .global-user-container>ul:first-child>li:last-child>a`

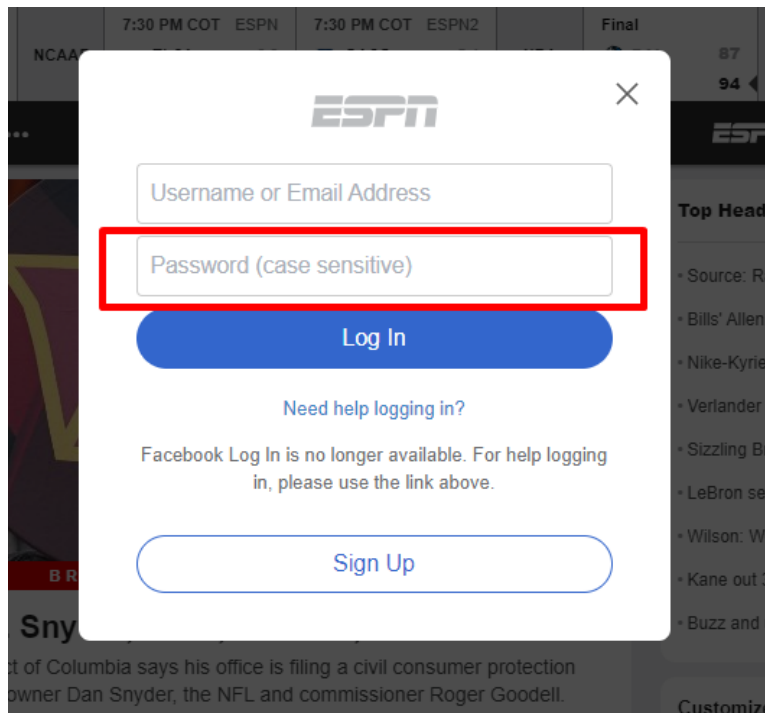

Login form view

Username or email input - `input#InputLoginValue`

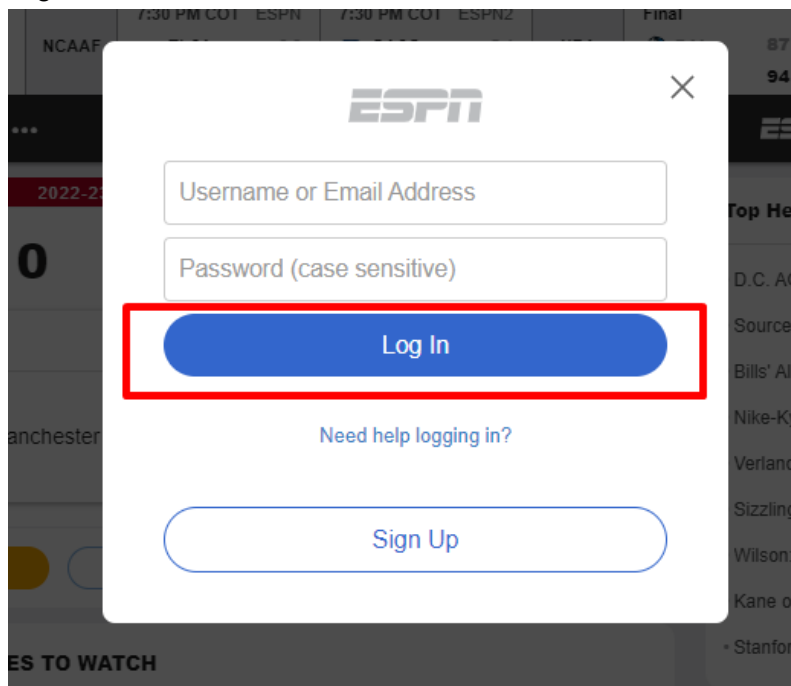

Password input - `input#InputPassword`

The image shows an ESPN login modal window. At the top is the ESPN logo and a close button (X). Below the logo are two input fields: "Username or Email Address" and "Password (case sensitive)". The "Password (case sensitive)" field is highlighted with a red rectangular border. Below the input fields is a blue "Log In" button. Underneath the button is a link that says "Need help logging in?". Below that is a message: "Facebook Log In is no longer available. For help logging in, please use the link above." At the bottom is a "Sign Up" button.

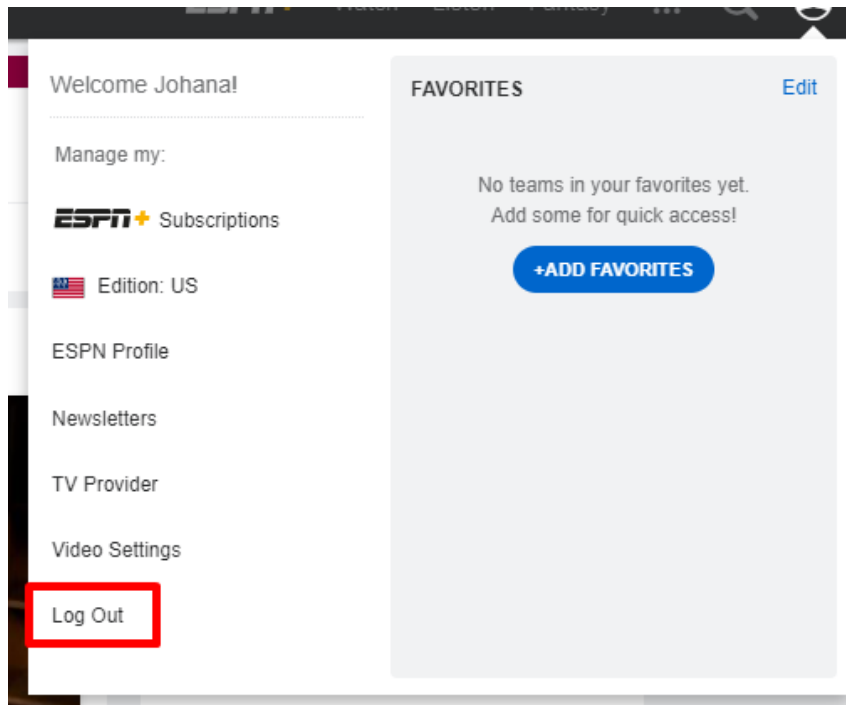

Login button - `button#BtnSubmit`

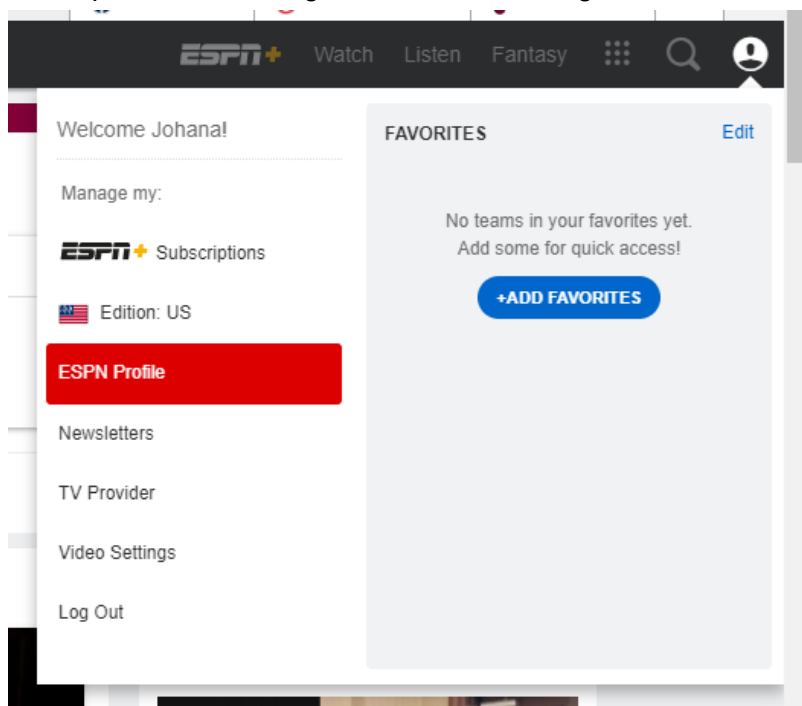

The image shows the same ESPN login modal window as above. In this version, the blue "Log In" button is highlighted with a red rectangular border. The other elements, including the input fields, the "Need help logging in?" link, the Facebook message, and the "Sign Up" button, are visible in their original positions.
